PRESCHOOL LEAD TEACHER
Exemption Status: Full Time, Non-Exempt, Hourly

ORGANIZATION OVERVIEW
Educare DC is a state-of-the-art, full-day, year-round school that serves children from birth to five years that are at-risk of academic failure. Building on the program foundations of Early Head Start and Head Start, Educare promotes school readiness by implementing effective programming aimed at preventing the development of an achievement gap in the early years. Educare DC is part of a larger national network that serves as a platform for broader change, inspiring high-quality programs in communities, improving public policies within each state, and demonstrating a comprehensive approach to the first five years of life and learning. As part of the Educare initiative, each school is a highly visible program that is host to a wide variety of visitors. The Educare model draws on a unique blend of private and public dollars, including child care, Early Head Start, Head Start, and other state and local education funding streams.

POSITION OVERVIEW
Under the direction of the Master Teacher, the Preschool Lead Teacher will develop and implement individual educational plans for children, which support their development socially, intellectually, linguistically, physically, and emotionally in a manner appropriate to their age and stage of development. They will provide a high quality language enriched with early learning experience for children ages three to five, while establishing a developmentally appropriate classroom environment favorable to the development and personal growth of children. The Preschool Teacher will facilitate children’s development of communication abilities, and content knowledge needed for future success in school, in accordance with each child’s ability and based on the Educare core components and local early learning standards. The Preschool Teacher will be held responsible for implementing all program requirements in adherence to all performance and outcomes standards as prescribed by the multiple funding and model requirements.
