

# Educare Future Scholars

We know your child has big dreams.

That's why Educare is investing in your child's college education now!

Every child enrolled at Educare DC for the 2022-2023 school year will receive a Scholarship Account. Throughout the school year, EDC will celebrate your child's attendance and family involvement, by making deposits into the Scholarship Account. These funds can be used to pay for post-secondary education expenses. We will also help you open your own Family Savings Account, so that you, too, can invest in your child's future.

## About the Educare Future Scholars Program:

- **Every child enrolled at EDC for the full 2022-2023 SY will receive a free scholarship account.**
- Children can earn up to **\$200 Scholar Dollars a year for having good attendance each month** (85% or higher). Students with good attendance throughout the quarters have a chance to earn **\$50 in an end of the quarter attendance raffle.**
- EDC will **help families to open a free Family Savings Account** so family members can easily contribute to your child's college education. Educare Future Scholars will make a \$20 gift into this account the year it is opened.
- Children have the chance to **earn extra Scholar Dollars through raffles.**
- **Enrollment deadlines and other conditions apply.**
